HealthSaver Overview

Save for additional healthcare expenses

The HealthSaver account can be used not only to fund healthcare related expenses, such as

- co-payments,
- cosmetic surgery,
- refractive eye surgery, and
- vitamins,

but also your monthly medical aid contribution, provided you have accumulated sufficient funds to do so.

You can have a HealthSaver account without making contributions into it. If you choose to contribute into the account, you can also apply for up to R36 000 in credit, subject to National Credit Act credit scoring criteria.

The funds in your HealthSaver account are instantly accessible via the HealthSaver Card, to pay healthcare providers, pharmacies and even veterinarians, so there is no need to wait for a claim to be refunded.

The HealthSaver account costs just R40 a year to administer and is the most convenient way to pay for treatments and procedures not covered by your medical scheme benefit option.

See the HealthReturns section of this brochure to find out how you can use your HealthSaver account to earn up to R1 500 per adult per month and get more healthcare for less.

Open a HealthSaver account in 5 minutes

You can sign up for a HealthSaver account via the Momentum App, and enjoy immediate access. If you opt to apply for credit, you can do so in real time and get your credit report via the Momentum App. Irrespective of whether you have a waiting period on your Momentum Medical Scheme membership, you will now have access to your HealthSaver account as soon as you join Momentum Medical Scheme.

Show you care and donate a GP visit to anyone in need

Use the positive balance in your HealthSaver account to donate access to a GP visit to anyone in need by buying a NetcarePlus voucher online with your Momentum HealthSaver Card.

Go to netcare.co.za/netcareplus to buy a virtual GP voucher, or GP voucher with medication, and the recipient can use the voucher to visit any NetcarePlus GP.

Dynamic interest rates linked to your health

You can earn up to **10% interest** on your positive HealthSaver balance and borrow credit for free.

The interest you earn on your positive HealthSaver balance, as well as the interest we charge on your credit balance, is based on your Healthy Heart Score and Active Dayz™ or fitness assessment.

What do you need to do?

Be active, go for your health assessment and follow the compliance rules.

| Healthy Heart Score | Active Dayz or fitness assessment | Effective annual interest rate on positive balances | Discount on credit interest |
|---|-----------------------------------|---|-----------------------------|
| Green, Amber-Green, Amber, Amber-Red, Red | 16+ p.m. or Level 5 | 10% | 100% |
| Green, Amber-Green, Amber, Amber-Red, Red | 12+ p.m. or Level 4+ | 5% | 50% |
| Green, Amber-Green, Amber, Amber-Red, Red | 8+ p.m. or Level 3+ | 2% | 15% |
| Green, Amber-Green, Amber, Amber-Red, Red | 4+ p.m. or Level 2+ | 1% | 5% |
| Green, Amber-Green, Amber, Amber-Red, Red | 0+ p.m. or Level 1+ | 0% | 0% |

To earn positive interest, you need to make any contribution into your HealthSaver account. This can be an ad hoc contribution or monthly debit order.

If your Healthy Heart Score is Amber Green, Amber or Amber Red, your HealthSaver interest rate will be calculated based on Amber.
