CHRONIC ILLNESS BENEFIT MEDICINE LIST (FORMULARY)

DISCOVERY HEALTH MEDICAL SCHEME
2026

Discovery Health Medical Scheme, registration number 1125, is regulated by the Council for Medical Schemes and administered by Discovery Health (Pty) Ltd, registration number 1997/013480/07, an authorised financial services provider.

Chronic Illness Benefit medicine list (formulary) 2026

Disclaimer

This document outlines the medications covered without a copayment under the Chronic Disease List (CDL) conditions. Certain items are exclusively covered under the Executive and Comprehensive plans, while others may not be available on KeyCare plans.

We cover approved medicine that is not on the medicine list (formulary) up to a monthly Chronic Drug Amount (CDA), the Discovery Health Rate (DHR) for medicine or the Reference Price, whichever is the lowest.

Please note that the information in this document may change over time. The Chronic Illness Benefit (CIB) and how you can access these benefits are subject to specific conditions and rules. We encourage you to stay familiar with these rules, which are available on our website at **www.discovery.co.za** under Medical Aid > About Discovery Health Medical Scheme.

Any advice we provide regarding your medication or condition management is designed to complement, not replace, the expertise of your doctor, pharmacist, or other healthcare professionals. To avoid a 20% co-payment, you may need to get your medication from a designated service provider (DSP). You can find DSPs on our website **www.discovery.co.za** under Medical Aid > Find a doctor or click on Find a provider in the Discovery Health app to find providers in our network.

Discovery Health Medical Scheme reserves the right to change these benefits. We will keep you informed of any updates to how we cover your medication. The latest version of this document is always available at **www.discovery.co.za** under Medical Aid > Find documents and certificates.

Nominate a Primary Care GP for Chronic Condition Management

Coordinating your healthcare through a nominated primary care GP ensures better health outcomes, supported by extensive medical research. For all plans, except the Executive Plan, you and your dependants need to nominate a GP to help manage your chronic conditions.

When you visit your nominated network GP, your consultation will be fully covered up to the agreed rate. Visiting a non-nominated GP or nominating a GP that is outside of the network will lead to a co-payment. You can easily update your nominated GP up to three times each year on our **website** or visit www.discovery.co.za > Medical aid > Nominate a primary care GP.

Discovery Health Medical Scheme, registration number 1125, is regulated by the Council for Medical Schemes and administered by Discovery Health (Pty) Ltd, registration number 1997/013480/07, an authorised financial services provider. About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms.

TERMINOLOGY	DESCRIPTION
Active ingredient	This is the main substance in a medicine that is responsible for the clinical action on a human body.
Benefit year	A benefit year refers to the benefits a member is entitled to during a calendar year, that is to say 1 January to 31 December. This medicine list (formulary) and Chronic Drug Amounts are applicable for this benefit year only.
Chronic Disease List (CDL)	This is a defined list of chronic conditions that we cover according to the Prescribed Minimum Benefits.
Chronic Drug Amount (CDA)	The Chronic Drug Amount is the monthly amount that we pay up to for a medicine class. This amount is subject to a member's plan type. It applies to chronic medicine that is not listed on the medicine list (formulary).
Chronic Illness Benefit (CIB)	The Chronic Illness Benefit covers medicine and treatment for a defined list of chronic conditions. You need to apply for the cover first.
Co-payment	This is an amount that you have to pay towards a healthcare service. The amount can vary, depending on the type of healthcare service, the place of service and whether the amount that the service provider charges is higher than the rate that we cover. If the co-payment amount is higher than the amount charged for the healthcare service, you will have to pay for the cost of the healthcare service.
Designated service provider (DSP)	This refers to a healthcare professional or provider (for example, a doctor, specialist, allied healthcare professional, pharmacy or hospital) who/that has agreed to provide Discovery Health Medical Scheme members with treatment or services at a contracted rate. To view the full list of designated service providers, visit www.discovery.co.za or click on 'Find a healthcare provider' on the Discovery Health app.
Discovery Health Rate (DHR)	This is the rate that we pay for healthcare services from hospitals, pharmacies, healthcare professionals and other providers of relevant healthcare services.
Discovery Health Rate for medicine	This is the rate that we pay for medicine. It is the Single Exit Price of medicine plus the relevant dispensing fee.
Emergency medical condition	An emergency medical condition may be referred to, simply, as an emergency. It is the sudden and, at the time, unexpected onset of a health condition that requires immediate medical and surgical treatment. Failure to give this medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or it would place the person's life in serious jeopardy. An emergency does not necessarily need you to be admitted to a hospital and you may be treated in casualty only. We may ask you for more information to confirm the emergency
Medicine list (formulary)	This is a list of medicine that we cover in full. You can use the medicine to treat approved chronic conditions. This list is also known as a formulary.
Medicine class	This describes medicines that have similar chemical structures or similar therapeutic effects.
NAPPI Code	This is a unique identifier for a given medicine, surgical or consumable product.
Prescribed Minimum Benefits (PMBs)	In terms of the Medical Schemes Act 131 of 1998 and its Regulations, all medical schemes have to cover the cost related to the diagnosis, treatment and care of: • An emergency medical condition • A defined list of 271 diagnoses • A defined list of 27 chronic conditions.

Discovery Health Medical Scheme, registration number 1125, is regulated by the Council for Medical Schemes and administered by Discovery Health (Pty) Ltd, registration number 1997/013480/07, an authorised financial services provider. Find a healthcare provider and the Discovery Health app are brought to you by Discovery Health (Pty) Ltd; registration number 1997/013480/07, an authorised financial services provider and administrator of medical schemes.

TERMINOLOGY	DESCRIPTION
Prescribed Minimum Benefits (PMBs)	The Council for Medical Schemes has set the following rules for how to access Prescribed Minimum Benefits: • Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions. • The treatment that you need must be provided for in the defined benefits. • You must use designated service providers in our network. This does not apply in emergencies. Where appropriate and in line with the rules of the Scheme, you may be transferred to a hospital or other service providers in our network, once your condition has stabilised. If you do not use a designated service provider, we will pay up to 80% of the • Discovery Health Rate. You will be responsible for the difference between what we pay and the actual cost of your treatment. If your treatment doesn't meet the above criteria, we will pay according to your plan benefits.
Primary Care doctor	A Primary Care doctor helps you to take care of your general health. You are likely to have better health outcomes when you nominate one doctor to manage your health and coordinate your care. Your Primary Care doctor knows your complete medical history and takes the healthcare approach that is best for you
Reference price	The Reference Price is the set amount that we pay for a medicine category. This applies for medicine that is not listed on the medicine list (formulary).

Discovery Health Medical Scheme, registration number 1125, is regulated by the Council for Medical Schemes and administered by Discovery Health (Pty) Ltd, registration number 1997/013480/07, an authorised financial services provider. Find a healthcare provider and the Discovery Health app are brought to you by Discovery Health (Pty) Ltd; registration number 1997/013480/07, an authorised financial services provider and administrator of medical schemes.

The Chronic Disease List (CDL) medicine list (formulary) for all plan types

The CDL medicine list applies to all Discovery Health Medical Scheme plans for the 2026 benefit year. We cover approved medicine that is not on the medicine list (formulary) up to the Chronic Drug Amount (CDA), Discovery Health Rate (DHR) or the Reference Price, whichever is the lowest.
The Chronic Drug Amount (CDA) **does not apply** to the KeyCare, Smart and Smart Saver plans.
Medicine marked with an asterisk (*) will soon be removed from the medicine list (formulary)
